CONTRACT ACTION:  1. This report covers the period 21 June 1959 to 20 July 1959. The accompanying fiscal report covers the period through 30 June 1959. (Note: This does not include the funds allocated for Phase III for which a verbal go-ahead was received 16 July 1959.)  2. Work on the lightweight conveyor was started immediately after receipt of go-ahead.  3. Permission was obtained 20 June 1959 to order material in advance of engineering approval by the customer if procurement of the material will be affected by the steel strike, or where long lead times might cause a delay in the target date of 12 October 1959.  4. It was agreed by possible to improve the delivery date of 12 October 1959, without entering a crash program. The final date is to be determined prior to a visit by the customer scheduled for the week of 10 August 1959.  ACTION REQUIRED:  1. Prepare the necessary layouts to obtain customer approval of the engineering during the week of 10 August 1959.
